

We know how to make your printing process more **hospitable!**

Our Culture of Customer Service

In the hospitality industry, repeat customers form the backbone of your business. Whether you are a restaurant, hotel, casino, or resort, you need to have employees delivering the best customer service possible and not having to worry about your office technology. **Copiers Northwest** was built on a culture of customer service and can empathize with your needs. For over three decades, we have provided the best, most reliable products to the hospitality industry. However, we know that representing world-class manufacturers is not enough. That is why we have service technicians that average over 22 years of experience in the field. They know how to respond quickly and fix any problems the first time, but more importantly, they know how to perform preventative maintenance that ensures you will not encounter problems. Regardless of your size or technology requirements, **Copiers Northwest's** Account Representatives can provide flexible acquisition options and solutions that allow you to have peace of mind and focus on customers.

CNW Print Center / Imagination Studio

Access to our Imagination Studio and Print Center are additional benefits for **Copier Northwest** customers. **Copiers Northwest** is one of the few office technology dealerships in the world that not only represents the latest in document reproduction technology, but also offers the output capabilities to customers. Wall and floor graphics, custom coasters, and other advertising specialties are merely a sampling of the products available if you are a **Copiers Northwest** customer.
